

**PETE DYE
INVITATIONAL**

A 60-SECOND GUIDE

How to use the app.

Everything you do this weekend, on your phone — join, score the hole, watch the board move, and call the action. Four screens, that's it.

1 Join the event

2 Score the hole

3 Watch the leaderboard

4 Post a bet — The Action

tournament.dagle.cloud

Open it in your phone's browser, then "Add to Home Screen".

STEP 1

Join the event

No password, no sign-up. Tap the link Josh sends and pick your name — the app remembers you on that phone.

1 Open the invite link

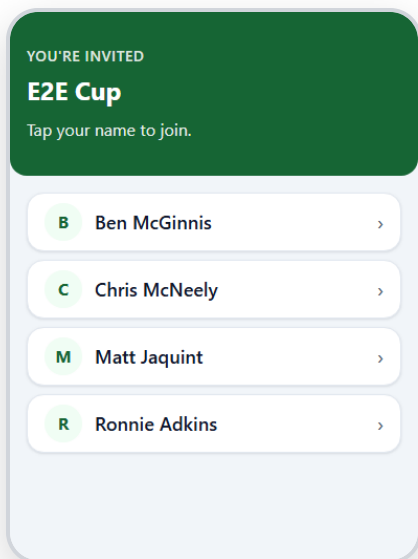

Tap the link in the group text (or enter your **join code** at the app).

2 Tap your name

Find yourself in the roster and tap it — that binds you to your phone.

3 You're in

You land on the event home. Didn't get a link? Text Josh.

STEP 2

Score the hole

One scorer per foursome enters everyone's gross score, hole by hole. Net, best-ball and money calculate themselves.

1 Tap the score

Type a one-digit score (it jumps to the next player), or use **- / +**. Bigger numbers: tap **+**.

2 Bonuses (if you play them)

Tap **G / P / S** for greenie, polie, sandie on the hole.

3 Save the hole

Hit **Save Hole** — it syncs and moves on. Works even with no signal; it catches up later.

The screenshot shows a mobile app interface for scoring a golf hole. At the top, there's a header with a back arrow, the word "Event", and a "Leaderboard" button with a right arrow. Below this, the hole number "HOLE 4" is displayed in large green letters, with "Par 3 · SI 11" underneath. A green pill-shaped button says "All synced". The interface is divided into sections for "TEAM 1" and "TEAM 2". Under "TEAM 1", there are two player entries. The first entry is for "1 Matt J." with a "HI —" label. To the right of the name are three buttons: a minus sign, a large central box for the score, and a plus sign. Below the name is a "BONUS" section with three buttons labeled "G", "P", and "S". The second entry is for "2 Ben M." with a "HI —" label, followed by the same score and bonus controls. The "TEAM 2" section is partially visible at the bottom.

STEP 3

Watch the leaderboard

The board moves the second a score is saved. To-par and money, per man, live.

1 Open Leaderboard

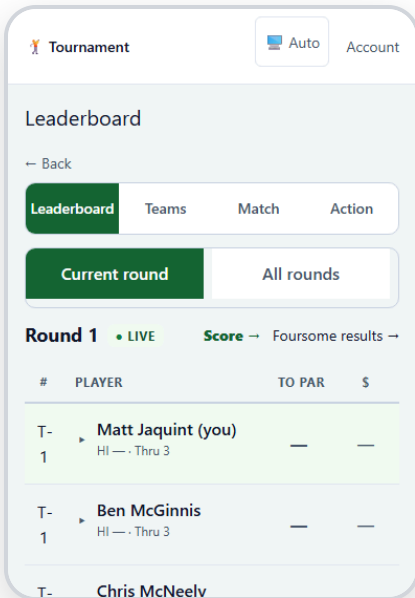

From the event home, or the tab up top. Tap a player to open their card.

2 This round or the whole trip

Toggle **Current round** / **All rounds**. See **To Par** and **\$**.

3 Jump around

Tap **Score** → to enter, or **Foursome results** → for the hole-by-hole card.

STEP 4

Post a bet — The Action

Call a head-to-head against anyone in the event — low score over your chosen holes wins, and it settles itself from the scores.

1 Set it up

Open **Action**, pick the round / net or gross / holes / stake / **opponent**.

2 Choose who can see it, then post

Entire event (public board) or **Just stakeholders** (private). Tap **Post bet** — it goes live right away.

Match

Action

Post a head-to-head bet against someone else in the event. You back your side; the lower score over the chosen holes wins. It settles automatically from recorded scores.

THAT'S IT

Score it. Watch it. Settle it.

No "what'd you make on 3?" after the round. No napkin math at the bar. The phone keeps the whole weekend.

Get on the app

Open it in your phone browser and add it to your home screen so it opens like an app.
