HOW IT WORKS

Four steps. Every week.

The scorer in each group handles entry. Everyone else just plays golf and watches the leaderboard.

1

Weekly Lineup

Admin confirms who's playing. The app shows the roster, current handicaps, and headcount for group planning.

2

Ball Draw & Groups

Toss balls like always, or use the app to draw and randomize — it's your call. Either way, enter the order and wolf assignments for all 18 holes appear instantly.

3

Score Each Hole

Enter 4 gross scores, pick wolf/partner/blind wolf, mark greenies and polies. Takes 15 seconds.

4

See Results Instantly

Net scores, stableford, money, and Harvey points calculate automatically. Standings update in real time.
